TERMS:—One dollar per year, in advance.
Advertising rates furnished upon application.

FRIDAY, Nov. 15, 1901.

Announcements.

CONGRESS.
The friends of Rowland C. Burns beg to announce that he is a candidate for Congress in this district in 1902, subject to the action of the Republican party. He believes that a mountain man is as good as any one.

YATESVILLE.

Say I heard that two men ran for the same office one time, and that one beat the other; was there anything in it? Well the fur did fly! What did I tell you? All, or a great many, readers of the News will remember the prophecy away back yonder at the time of the Republican primary. Now they see that while it is a fact that the fools are not all dead, the prophets are not all dead.

Wade Chambers, father of the deceased brothers, John and Robert Chambers, is slowly recovering from an attack of fever.

S. J. Hensley, of Potter, was here Monday on business.

The death of Rev. David Rice, of Morgans creek, was quite a blow to this entire section. Brother Rice was a good Sunday school worker, a good citizen and a good christian and will be greatly missed by all.

John Sturgill, of Ratcliff, called on us a few days ago.

Miss Mary Lou Gilliam, of Twin Branch, was shopping here last week.

We heartily endorse the views of "Cold Blast" on roads. The condition of the roads over our county in comparison to that of a few years ago shows very plainly what a road Superintendent can do when he will try and what a county can do when it will. We have much better roads than ever before and still the work of improving our roads by better grades, plans, etc., is in its infancy. If I was an engineer and had good "farnin" I would write a whole lot about roads as it is a question that interests all, irrespective of politics or any other sort of ticks. Cold Blast, let us hear from you often.

Country Greenhorn.

WALBRIDGE

Democrats are well pleased with the result of the election. We had a ticket on which there was not an unworthy man.

Miss Corda Watson, of Oliveville, is visiting here.

Mrs. Belle Cox and family left Sunday for their home at Thacker. We are sorry to have them go, especially Miss Jessie.

Mrs. James York and family have returned from a visit to Ashland.

Mrs. Charles Peters is visiting at Wayne.

The infant son of J. S. Peters is very sick.

Miss Lota Cochran left last week for Hemlock, O.

John R. Wellman and wife have returned from a visit to friends at Zella.

Henry Meek went to Ashland last week.

John and Liss Webb, of Logan, were here last week.

Miss Seltana Wilson has returned from a visit to Radner.

John Ratcliff, of Matewan, was here last week.

Land Holt and family visited at Busseyville Sunday.

James M. York went to Ashland last week.

Miss Erie See visited on Mill creek last week.

T. L. Compton is still working at Whitehouse.

James Sperry has purchased a new supply of groceries.

Millard Webb went to Calferick recently.

John Meek, of Busseyville, was here Sunday.

Morgan Estep, of Radner, was here last week.

Dan Shannon was here Sunday.

Buckskin Jim.

A HAPPY HOME

Is one where health abounds. With impure blood there cannot be good health. With a disordered LIVER there cannot be good blood.

Tutt's Pills

revivify the torpid LIVER and restore its natural action.

A healthy LIVER means pure blood.

Pure blood means health. Health means happiness.

Take no Substitute. All Druggists.

BLAINE

To the voters of Lawrence county:

Last spring I wrote you a letter suggesting a ticket that would win and that has won, with the help of the best element of the Republican party, that so faithfully helped us to elect our ticket.

Now, we have elected every county officer and 5 magistrates. Four men will faithfully discharge their duties, and know no man or section, we will have from 200 to 300 majority next election. But our officers must be sober, honest and discreet and know no section, no man, nothing but their official duty, and guard the tax-payers' interests and work for the interest of the county and not for office hereafter.

To the newly elected Squires I will say, we need a road and bridge commissioner who is capable of attending to the business, and who will give each section its prorata of the bridge, and expenditures, and who will see that the road machine works in each and every portion of the county, and is not confined to any section, but does all sections alike. Do not vote for a commissioner on account of relationship or section. And instead of 8 road and bridge commissioners have one, and pay him a liberal allowance and see that he attends to it.

Now, gentlemen, I want no office, am in the interest of no one except all of us tax-payers, and only do what writing I do for the interest of the tax-payers of Lawrence county.

Thanking the best element of the Republican party for helping us to elect a good ticket and good men this time, I remain, UNCLE TOM.

TO CURE A COLD

Stop coughing as it irritates the lungs and gives them no chance to heal. Foley's Honey and Tar cures without causing a strain in throwing off the phlegm like common cough expectorants. A. M. Hughes.

The Teachers' Association of the Louisa District will hold its session on Saturday, Nov. 16, commencing at 10 a. m.

The Catlettsburg teachers will be with us.

All are cordially invited to attend.

Following is the program:

Reading—Miss Lella Snyder.

Practical class work—Miss Ida Billups.

On what principal should a change in text books be made in a county?—Supt. W. T. Baker.

Which should receive the most attention—intellectual, moral or physical education? Why? Mr. L. M. Copley.

Who has more influence in the formation of a child's character—the parents or the teacher? Justify answer—G. B. Carter.

A common school course of study.

(1) Present branches that should be continued.

(2) What should be discontinued?

(3) What should be added?—Dr. M. G. Watson.

MODERN SURGERY PASSED.

"While suffering from a bad case of piles I consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve," says G. F. Carter, Atlanta, Ga. "I procured a box and was entirely cured. DeWitt's Witch Hazel Salve is a splendid cure for piles, giving relief instantly, and I heartily recommend it to all sufferers." Surgery is unnecessary to cure piles. DeWitt's Witch Hazel Salve will cure any case. Cuts, burns, bruises, and all other wounds are also cured by it. Beware of counterfeits. A. M. Hughes.

Program for Teachers Association to be held at Webbville, Nov. 23, 1901.

Song.

Welcome Address, J. C. Hicks.

Response, W. W. Kellar.

How to make Association most beneficial, D. J. Thompson.

Select reading, M. E. Sparks.

Whispering—how prevent it—Lora Jackson, Robt. Perkins.

Technical grammar—should it be taught? W. W. Kellar.

Recitation—Lucy Shepherd.

Moral qualification of teachers—W. L. Green.

Recitation—Gladys Patterson.

How select good reading lessons, D. J. Thompson.

Reading—Sallie Wood.

How many, and what school books should be changed? Which are best? Association.

Recitation—Ruby Webb.

Debate, Resolved, that illiterates under 21 years of age should be deprived of the right to vote. Aff., J. C. Hicks, G. L. Thompson, J. O'Daniel. Neg., W. L. Green, Hub Perkins, D. J. Thompson.

ST. VITUS' DANCE.

Cure, D. P. O'Neil, Fredonia, N.Y.

Following are the cash prizes prevailing in Louisa at the time of going to press (Thursday evening):

Turkeys 5c pound.

Dry hides, 8c pound.

Ginseng, \$1.00 pound.

May apple root, 2c pound.

Yellow root, 30c pound.

BIG SANDY RIVER.

Some Facts About This Well Known Tributary of The Ohio River.

The Big Sandy Improvement Association is hustling for improvements for that stream. There is no river in the country where money could be invested to better advantage. The association is sending out the following printed matter which is very interesting.

The Big Sandy has: "Coal enough to supply the world with fuel for a decade; uncut lumber enough to build a board walk 12 feet wide around the earth; a territory drained larger than the combined states of Delaware and Rhode Island; a waterway which is being made navigable throughout the year for a distance of 173 miles with the construction of 20 dams by the government, at an estimated cost of \$4,750,000; the greatest undeveloped coal field in the world; a coal field 100 miles nearer market than any other field now shipping by water; and 300 miles nearer market than the Pennsylvania fields which ship by water; a waterway for the upper stretches of which when the projected improvement is completed, coal, lumber and other products can be shipped without change of bottom to San Francisco or any seaport in the world.

"The work of its improvement going on as expeditiously as the appropriations by congress will allow. If you are interested help the cause by joining the Big Sandy River Improvement Association and by enlisting the co-operation of your senators and representatives."

QUEEN QUALITY SHOES

Win the Gold Medal. Best Known and Most Extensively Sold of any Women's Shoes in the World.

The great advance in methods and facilities for manufacturing and distributing commodities of daily use, and the vast opportunity which this country presents for the rapid growth in popularity and sale of any article which is in a considerable degree superior to what has heretofore been supplied is strongly illustrated in the phenomenal achievements of The Thos. G. Plant Company, who are now known throughout this country, and in fact, all over the civilized world, as the makers of the "Queen Quality Shoes," which has recently been awarded the Gold Medal at the Pan-American Exposition at Buffalo.

Beginning about three years ago with the theory that a superior shoe, combining all of the essentials of the finest footwear, could be produced at a cost that would permit its being retailed at \$3 a pair, the makers of the Queen Quality shoes have fully demonstrated the soundness of their theory and have accomplished what they undertook to an extent that is little short of marvelous.

The basis of the wonderful success enjoyed by these shoes is undoubtedly the attention given to modeling. No member of the human anatomy is more difficult to suit in its requirements than the foot, and years of patient study and experiment were required in order to attain to the perfection which these shoes exhibit. To their perfect ease and exactness of fit can undoubtedly be ascribed the favor with which they are immediately regarded by all women who have the opportunity of trying them.

Added to their shapeliness and comfort these shoes possess a thorough excellence in their structural features and contain the best of leathers and materials for rendering them serviceable and beautiful.

The factory that produces these shoes turns out eight thousand pairs a day and employs over twenty-three hundred people, and the sales of its products have eclipsed all records in the history of footwear; being now sold in 2500 cities and towns by exclusive agencies carefully selected. The agency in Louisa is held by G. W. Gunnell.

All who use Atomizers in treating nasal catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 56 Warren St. N. Y.

New Orleans, Sept. 1, 1900
Messrs. Ely Bros.—I sold two bottles of your Liquid Cream Balm to a customer, Wm. Lambertson, 1415 D. J. Harris St., New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results. Geo. W. McBuff, Pharmacist.

Following are the cash prizes prevailing in Louisa at the time of going to press (Thursday evening):

Young chickens, 6c pound.

He cash for eggs. Lows off.

Old Chickens, 6c pound.

Duck—5c pound.

Just Across the River in West Virginia.

Rufus Bowen, Wayne, has been granted a pension of \$10.

Attorney Chapman Adkins has secured for Rufus Bowen a pension of \$10 per month on account of disabilities sustained in the late Spanish war.—Wayne News.

Constable S. Mays, of Ceredo, came up Tuesday to bring Ernest Queen, a colored boy to jail, on a charge of burglary. Young Queen entered the depot at Ceredo in the night time and carried away some express packages, among others, a gun which he sold. Justice Lambert committed him to jail to answer an indictment as he had just been released from a term in the Reform School.—Wayne News.

Hunters are becoming so reckless throughout the county, since the opening of the hunting season that many farmers are posting their land. In the upper end of this county one day recently, some reckless person shooting at rabbits killed Will Kyles' race horse, which he recently purchased for five hundred dollars.

An arrest is probable soon.—Central City (W. Va.) Chronicle.

Judge Jackson, of Charleston, finished the hearing in the contempt cases against the miners who were charged with disobeying the injunction of his court in connection with the strike in the Thacker coal fields. John Street was fined \$25 and given five days in jail; Dock Bentley, \$25 and 10 days; Charles McKnight and J. W. Henderson were recognized to appear at the order of the court. Dan Norman was dismissed.

The well-known law firm of Campbell, Holt and Campbell, has been re-organized under the name of Campbell, Holt and Duncan. Walter Campbell, on account of failing health, has been forced to retire, and will go to California. The new member is H. C. Duncan Jr., formerly of this county, who is making an active and brilliant young lawyer. The many friends of Walter Campbell hope that the change of climate may prove highly beneficial.—Wayne News.

Telegrams from the Philippines this week announce a fierce engagement southeast of Cuthibogon, Island of Samar, between a detachment of scouts under Lieut. Gaujot and the insurgents, in which 25 insurgents were killed and a large number injured. The Americans lost no men. Gaujot who commanded this fight is a West Virginian and is prominently known in Huntington. His home is at Williamson, Mingo county, and this is evidence enough that he is at home when it comes to shooting. A Mingo county man can always be depended on in line of battle. The most of them have smelled gun powder before.—Huntington Advertiser.

PRESTONSBURG.

Rev. Pennybacker preached an excellent educational sermon Sunday at 11 a. m. and gave an interesting discourse Sunday evening to a large audience. Congregations are increasing. The Sunday school had 81 in attendance last Sunday.

James Layne was elected jailer and Mail Hall County Court Clerk, both on the Republican ticket. The other offices will be filled as usual by Democrats. Samuel Harford was elected to the Legislature over Spurlock, the Republican candidate by a majority of 28 votes. We were pleased to learn that Johnson broke the monotony by electing James Price County Clerk, and Pike elected a full Democratic ticket.

Mrs. Ollie Jackson of Pike county is the latest arrival. We now have students from two states and seven counties. The dormitory is nearly completed and Prof. Byington made a trip to Huntington last week accompanied by his little daughters, Willie and Goldie, where he purchased furniture for the same.

Mr. French, one of our students from Boyd has been to the election and returned. Ed and Millard Ross of that county have been absent on the same business.

John Jackson of Lawrence and Mr. Prichard of Boyd have gone into the produce business in this town.

CALL FOR MEETING.

Big Sandy River Association to Meet in Catlettsburg.

It is deemed expedient to adopt this method of inviting the attention of the members of the Big Sandy River Improvement Association, the various auxiliary branches thereof and all persons interested in the work and purposes of the Association to the Third Annual Meeting of the Association which under the Constitution, convenes in the Morse Opera house at Catlettsburg, Kentucky, at noon Monday, November 18th, 1901. In addition to the discharge of important administrative work and the election of officers for the ensuing year, the work of the Association as a body for the year then ensuing is agreed upon and outlined in these annual meetings and it is of supreme importance that each of the county auxiliaries comprising the Association and each county in the valley represented therein by full delegations of active, earnest workers for, and believers in the improvement of the Big Sandy and the development of our resources. To this end each auxiliary and county is urged to select, at an early date, as delegates to this meeting, five men who will attend and will gladly and earnestly do what they are sent to do. Let us get together. The work and enthusiasm of the past meetings was very gratifying; but the attendance in point of numbers, was not satisfactory. Let us make this meeting a record breaker. We hope to have with us Senators and Congressmen from West Virginia and Kentucky who are doing yeoman service for our river, and we owe it to them and ourselves to make this meeting exhibit in us a strong enthusiasm, and a definite, determined purpose. But for one of the unforeseen incidents of legislative debate last session of Congress the improvement of our river would today be a half million dollars nearer completion. Let us in union keep up the fight and do our part toward the goal at which we aim—a navigable river from the head of both tributaries to Catlettsburg. Let the watchword throughout the valley be: "Catlettsburg, November 18th." By order of the Executive Committee. Jay H. Northup, Pres. B. Randolph Blas, Secretary.

GREAT LUCK OF AN EDITOR.

Two years ago efforts to cure eczema in the palms of my hands failed. I writes editor N. Lester, of Syracuse, Kan. "then I was wholly cured by Jucklen's America Salve." It's the world's best for eruptions, sores and all skin diseases. Only 25c at A. M. Hughes.
